

INTERCEPTED LETTER

DATE: 4/11/2016, 9:27:29

SENDER: ANDREW KIM

RECEIVER: JUSTIN SEITZ

*Justin,*

*It is fortunate that I have managed to make contact with you. The Saskatoon HSCTF problems are going well, and we should be able to finish by the proposed deadline. At the moment, it is critical to gain support from not only yourself but from other major sources as well, i.e. NoodleCake studios. It is in our best interest to hold the contest on April 27 of 2016.*

*There is a secret that you should know in solving this particular problem, Justin, and I have written it below. A hacker of your caliber should easily be able to uncover the message I have attached. IT IS OF UTMOST IMPORTANCE THAT THIS MESSAGE REMAINS HIDDEN FROM OTHER PRYING EYES.*

*Regards,*

*Andrew Kim*
